# ABOUT US

## About us.

BEOROL is a family owned Serbian company founded in 1998. We are specialize in manufacturing and distribution of hand tools.

At present day, we can proudly say that we are one of the leading manufacturers and one of the more recognized brands in the SEE region, with millions of satisfied and loyal users.

## Strategy.

BEOROL's strategy is focused on developing key brands through a clear and differentiated market position, as well as product innovation and communication, which the company is known for today. All our brands are owned by BEOROL and are registered in Serbia and key markets where they are sold.

## Our relationship.

In all our relationships, we nurture respect, responsibility, reliability and guarantee business transparency. Our management works on high ethical principles, and we strive to strengthen the positive image and reputation of the company. Hence why our partners describe us as a respectable and desirable partner.

As a result of our approach to business, the quality of our people and our products, today we have direct distribution in 5 foreign countries, and distributors in additional 48 countries.

## Mission.

To always provide the best, most accessible, and most recognizable solutions with innovative and high-quality products for anyone who feels like a master of their craft.

## Vision.

The vision of our company is to elevate ourselves beyond the region through the quality of our products and services. We aim to become one of the leading manufacturers and distributors of hand tools in Europe and a leader in the category of painting and decorating tools.

The added values of having us as a partner are that we are a stable well organized company, we value relationships and respect, we have excellent price-to-quality ratio, we have stable inventory and efficient supply chain, our marketing activities are unique and innovative.

# PAINT ROLLERS

## How to choose the right paint roller?

When it comes to selecting the right paint roller, there are several factors to consider in order to achieve the desired result:

### SURFACE TYPE:

Different types of surfaces require appropriate paint rollers to achieve the optimal result. Based on the type of surface the paint is applied to, we have categorized the paint rollers into: rollers for smooth surfaces, semi-rough surfaces, and rough/exterior surfaces.

FLAT SURFACES

SEMI-ROUGH SURFACES

ROUGH SURFACES

### TYPE OF PAINT:

We have classified the paint rollers based on the type of paint being applied. This classification allows for the selection of the right paint roller for a specific type of paint and the surface being painted, which is essential for achieving excellent results during the painting process.

- PAINT ROLLERS FOR DISPERSIVE (EMULSION) PAINTS
- PAINT ROLLERS FOR ACRYLIC & LATEX PAINTS
- PAINT ROLLERS FOR SPECIAL COATINGS
- PAINT ROLLERS FOR STAIN AND VARNISH
- PAINT ROLLERS FOR FACADE PAINTS

### TYPE OF MATERIAL:

The type and quality of materials used to make the fabrics, as well as fabrics length and fiber structure directly impact the quality and final result of the work. Longer fibers are ideal for rough and semi-smooth surfaces, while shorter fibers are suitable for fine finishes, glazes, and varnishes.

FIBER LENGTH  
mm

- POLYAMIDE
- MICROFIBER
- ACRYLIC
- NYLON
- WOOL

### PAINT ROLLER SIZE:

An important factor in selecting a paint roller is the length of the paint roller and the diameter of the core. For larger surfaces, it is recommended to use longer paint rollers with a larger diameter, while for smaller areas, corners, and hard-to-reach places, paint rollers with a core diameter of 15 mm and a length of 10 or 7 cm are recommended.

CORE  
DIAMETER

WIRE  
DIAMETER

### PAINT ROLLER MANUFACTURING METHODS:

**THERMOFUSION PAINT ROLLERS** have short fibers at the ends that follow the center line, which almost completely eliminates the possibility of accidental color transfer to the neighboring wall and ensures precision in the finishing work.

**SEWN PAINT ROLLERS** contain a special foam that makes the rollers soft and suitable for excellent adherence to rough/exterior surfaces and ensuring high quality, efficient work

**PAINT ROLLERS FOR DISPERSIVE (EMULSION) PAINTS**

**PAINT ROLLERS FOR ACRYLIC & LATEX PAINTS**

**PAINT ROLLERS FOR SPECIAL COATINGS**

**PAINT ROLLERS FOR STAIN AND VARNISH**

**PAINT ROLLERS FOR FACADE PAINTS**

**OTHER PAINT ROLLERS**

A close-up photograph of a red, textured paint roller. The roller is positioned horizontally, with its tip pointing towards the right. It is in contact with a light-colored, textured wall. The background is a solid, vibrant red color. The lighting is dramatic, highlighting the texture of the roller and the wall.

- Fabric: 100% wool

A close-up photograph of a paint roller is the central focus. The roller is cylindrical and covered in a thick, textured layer of white paint. Interspersed within this white layer are numerous small, irregular specks of a golden-yellow color, giving it a mottled appearance. The roller is attached to a silver metal frame, which is partially visible. The background is a light-colored, textured surface, possibly a wall or ceiling, with a subtle pattern. The lighting is bright and even, highlighting the texture of the paint.

# PAIN BRUSHES

## How to choose the right paint brush?

When it comes to selecting the right paint brush, there are several factors to consider in order to achieve the desired result.

### BRISTLE TYPE:

The bristles in brushes vary in microscopic cross-section shape, structure, tip treatment, thickness, flexibility, durability and the type of material they are made from. The combination of filaments in each bristle ensures the optimal choice for a specific purpose of the paint brush.

### PURPOSE DEPENDING ON THE PAINT TYPE:

The correct selection of the appropriate bristle and filament mix directly determines the purpose of each paint brush, as well as the type of paint being applied, which affects the coating quality and ease of work. Based on this, we have developed a range of paint brushes specially designed for different types of paint: acrylic and latex paints, glazes, wood paints, and paints for metal surfaces.

- UNIVERSAL PAINT BRUSHES
- PAINT BRUSHES FOR ACRYLIC PAINTS
- PAINT BRUSHES FOR WOODEN SURFACES
- PAINT BRUSHES FOR METAL SURFACES
- PAINT BRUSHES FOR DECORATIVE WORKS

### QUALITY LEVEL:

Quality level is an important factor when choosing the right paint brush. We have classified our paint brushes into three quality levels: hobby, standard, and expert. Each of these levels is tailored to the specific needs and requirements of the user.

### PURPOSE DEPENDING ON THE SURFACE:

Depending on the surface being painted, accessibility, and the type of paint being applied, we have curated a range of specialized paint brushes. This range includes paint brushes for painting parquet, paint brushes for hard-to-reach surfaces, as well as different types of brushes such as tappers, chip brushes, and stippling brushes.

- BRUSHES FOR PAINTING PARQUET
- BRUSHES FOR INACCESSIBLE SURFACES
- TOUCH UP BRUSH
- WALL BRUSHES
- PAINTER SCHEIBEN ROUND BRUSHES

# ADHESIVE TAPES

## How to choose the right adhesive tape?

When it comes to choosing the right adhesive tape, it is important to consider the specific requirements of the project you are working on.

### ADHESIVE TAPE APPLICATION:

Masking tapes are used for both outdoor and indoor work. An important factor is the duration for which the tape remains adhered, meaning the time frame in which the tape can be removed from the surface without leaving any adhesive residue or tape marks.

UNIVERSAL APPLICATION

OUTDOOR APPLICATION

INDOOR APPLICATION

### SURFACE TYPE:

The purpose of the adhesive tape also depends on the type of work and the surfaces it is applied to. We have divided the tapes into universal tapes, wall and ceiling tapes, facade tapes, door and window protection tapes, and decorative work tapes.

- UNIVERSAL TAPES
- WALL AND CEILING TAPES
- FACADE TAPES
- DOOR AND WINDOW PROTECTION TAPES
- TAPES FOR DECORATIVE WORKS

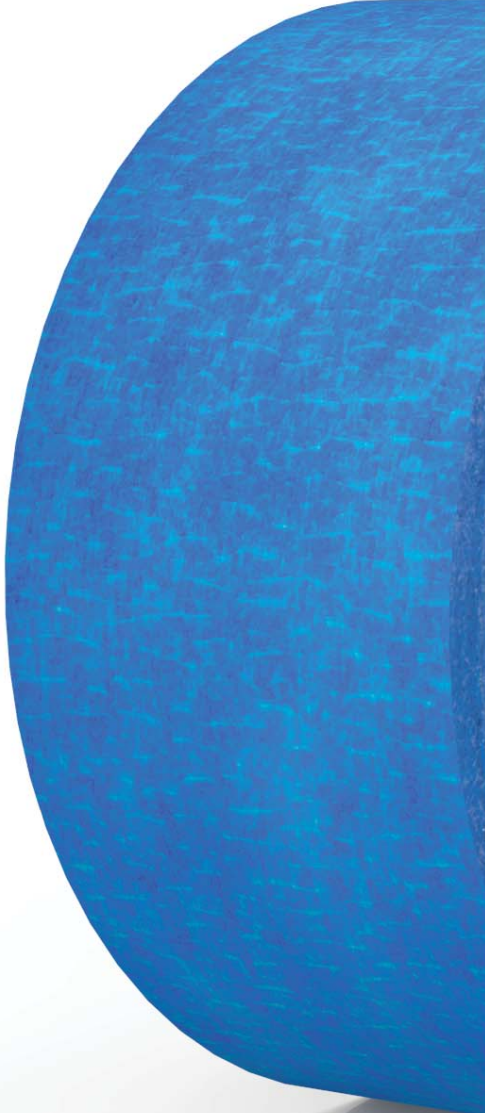

### ADHESIVE STRENGTH:

If the tape is applied to uneven surfaces, a stronger adhesive strength is preferred. For more delicate surfaces, the adhesive strength should be weaker.

### TEMPERATURE RESISTANCE:

Working environment conditions are also a very important aspect when choosing the right tape. Tapes with higher temperature resistance and UV/Water resistance are used for outdoor work and can withstand various weather conditions. Tapes with lower temperature resistance and no UV/Water resistance are mostly adequate for indoor tasks.

# PLASTERBOARD ANGLE EDGER

## PLASTERBOARD ANGLE EDGER

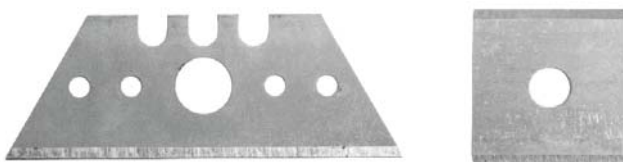

Code	EAN code	Length	Weight	Unit	Pack unit	Master carton
SGU	8606017656951	15cm	180g	piece	12 pcs	48 pcs

- Plasterboard angle edger, intended for cutting plasterboards at an angle of 45° and 22.5°
- Material: quality PVC plastic, unbreakable carbon steel blade
- For the trapezoidal blade, it is possible to adjust the working height with the help of a safety wheel
- Beorol spare blades: SGP
- Cutter length: 240mm
- Cutter width: 60mm
- Cutter height: 90mm

## BLADES FOR PLASTERBOARD ANGLE EDGER

Code	EAN code	Set	Unit	Pack unit	Master carton
SGP	8606017659600	5+5 pcs	piece	200 pcs	200 pcs

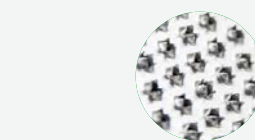

- Set of 5 spare blades for plasterboard cutter
- Material: carbon steel
- Trapezoidal blade for cutting plasterboard at an angle of 22.5°
- Trapezoid blade dimensions: length: 52mm / center diameter: 7mm / thickness: 0.5mm
- Square blade for cutting plasterboard at an angle of 45°
- Square blade dimension: length: 23mm / center diameter: 6mm / thickness: 0.5mm

## STYROFOAM SCRAPER, METAL PERFO

Code	EAN code	Base dimension	Unit	Pack unit	Master carton
SSMP270	8606017651543	270x130mm	piece	20 pcs	20 pcs

SSMP400	8606017651567	400x180mm	piece	10 pcs	10 pcs

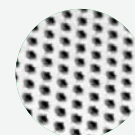

- Metal scraper for scraping styrofoam during facade work
- The perforated plate reduces the weight of the tool and enables easy cleaning of the Styrofoam residue
- Base material: metal / polystyrene plastic
- Handle material: polystyrene plastic

## STYROFOAM SCRAPER, METAL

Code	EAN code	Base dimension	Unit	Pack unit	Master carton
SSM270	8606007990522	270x130mm	piece	6 pcs	42 pcs
SSM400	8606007990539	400x180mm	piece	10 pcs	30 pcs

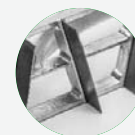

- Metal scraper for scraping styrofoam during facade work
- Reinforced base
- Base material: metal / plastic
- Handle material: PVC plastic

## MORTAR SCRAPER, 8 KNIVES

Code	EAN code	Base dimension	Unit	Pack unit	Master carton
SM8	8606017652731	465x90mm	piece	10 pcs	10 pcs

- Scraper with 8 knives for leveling mortar and plaster surfaces
- Base material: aluminum
- Material of knives: steel

## SANDPAPER HOLDER WITH MECHANISM

Code	EAN code	Base dimension	Unit	Pack unit	Master carton
DSMM	8606007990744	160x85mm	piece	100 pcs	100 pcs
DSMV	8606007990751	210x105mm	piece	60 pcs	80 pcs

- Sandpaper holder with a mechanism for securely attaching sandpaper
- Housing material: PVC
- Fastener material: metal

## SANDPAPER HOLDER WITH MECHANISM - TELESCOPIC

Code	EAN code	Base dimension	Unit	Pack unit	Master carton
DST	8606007990768	210x105mm	piece	80 pcs	80 pcs

- Sandpaper holder with holder for telescopic extension
- The articulated connection of the handle and the possibility of being placed on a telescopic extension make it ideal for the treatment of walls and ceilings after smoothing
- Material: PVC

# SPECIAL ROLLERS

## STANDARD PLASTER ROLLER

Code	EAN code				Unit	Pack unit	Master carton
VSG258EXP	8605043411879	25 cm	45mm	16mm	piece	40 pcs	40 pcs

- Roller for applying smoothing compound on flat surfaces, standard quality level
- Manufacturing process: thermofusion
- Material: 100% nylon

## EPOXY ROLLER, 460mm x 20mm

Code	EAN code				Unit	Pack unit	Master carton
VE46020	8606017659051	460mm	45mm	20mm	piece	2 pcs	2 pcs

- Roller for leveling epoxy coatings and self-casting floors
- Material: 100% polyethylene
- Holder material: galvanized steel

- Width: 50mm
- Material weight: 60g/m<sup>2</sup>
- Material: fiberglass
- Color: white

## FIBERGLASS CLOTH ADHESIVE TAPE

Code	EAN code	Width	Length	Unit	Pack unit	Master carton
BT25S	8606007998887	50mm	25m	piece	40 pcs	40 pcs

- Fiberglass cloth adhesive tape for bandaging joints in construction
- It is composed of a large number of glass threads
- Width: 50mm
- Thickness: 0.21mm
- Material: fiberglass
- Color: white

## PAPER-FACED ALUMINIUM CORNER BEAD

Code	EAN code	Width	Length	Unit	Pack unit	Master carton
PATU	8605043408640	50mm	30m	piece	10 pcs	10 pcs

- Paper-faced aluminum corner bead is intended for the formation of joints of internal corners in systems of dry construction, plasterboard and plaster
- Material: paper base with two parallel aluminum strips, width 2mm x 10mm
- Easily bendable and flexible
- It withstands the highest tensile stress of 4.5 Mpa
- Paper thickness: 0.32mm
- Aluminum thickness: 0.24mm

## ALUMINIUM CORNER PROFILE 2.5m, EXTRA

Code	EAN code	Width	Length	Unit	Pack unit	Master carton
LALU25E	8606007995725	23mm	2.5m	piece	200 pcs	200 pcs

- Aluminium corner profile for forming a solid edge of the wall when smoothing
- Width: 23mm
- Thickness: 0.30mm
- Material: aluminum

- Spare unbreakable utility knife blades, intended for professional use in jobs where durability and a strong blade are required
- Blade material: high carbon SK5 steel
- Blade type: hooked, unbreakable
- Fits scalpels that use replacement hook blades

## BLADES, 10 PIECES

Code	EAN code	Blade length	Blade width	Perforated blades	Unit	Pack unit	Master carton
N9	8606007991413	85mm	9mm	13	packaging	25 pcs	600 pcs
N18	8606007991406	100mm	18mm	8	packaging	24 pcs	288 pcs
N1824	8605043412647	100mm	18mm	8	packaging	24 pcs	12 pack
N25	8606017655886	130mm	25mm	7	packaging	12 pcs	96 pack

- Spare breakable utility knife blades designed for easy cutting of paper, vinyl, itison, artificial grass, various types of foil, thinner styrofoam, thinner plastic and thinner plasterboard
- 13 perforated blades
- Blade material: carbon steel
- They fit Beorol scalpels with replaceable blades

# SCRAPERS AND SCISSORS

## METAL SCRAPER, LONG

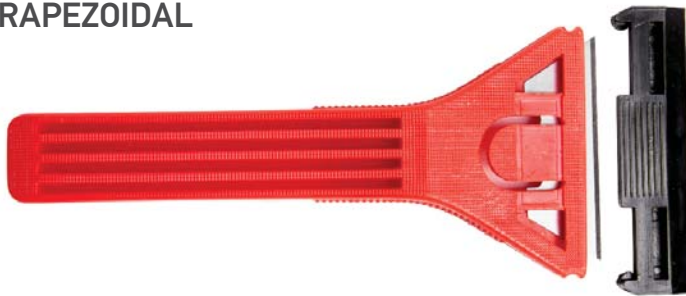

Code	EAN code	Scraper length	Blade width	Unit	Pack unit	Master carton
SFMD	8606007994889	300mm	100mm	piece	10 pcs	100 pcs

- Angled blade scraper for scraping wallpaper, old paint, silicone and vinyl tiles from large surfaces
- Handle material: aluminum body with rubber grip
- Blade holder: aluminum
- Blade type: unbreakable carbon steel blade
- The possibility of easy replacement of the spare steel blade with the help of a safety wheel for releasing the blade

## PAINT SCRAPER, TRAPEZOIDAL

Code	EAN code	Scraper length	Blade width	Unit	Pack unit	Master carton
SFT	8606007990454	135mm	55mm	piece	24 pcs	720 pcs

- Trapezoidal scraper for removing silicone or paint residues from various surfaces
- Handle material: PVC plastic
- Blade holder: PVC plastic
- Blade type: unbreakable carbon steel blade
- Brake release holders for changing blades

## PAINT SCRAPER SOFT HANDLE

Code	EAN code	Scraper length	Blade width	Unit	Pack unit	Master carton
SFS	8606007992489	146mm	90mm	piece	12 pcs	240 pcs

- Scraper with soft handle for scraping wallpaper, old paint, silicone and vinyl tiles
- Handle material: rubber / metal
- Blade holder: metal
- Blade type: unbreakable carbon steel blade
- Holders to release the blade for easy replacement

## SCISSORS, 20cm

Code	EAN code	Scissors length	Blade width	Unit	Pack unit	Master carton
MAK20	8606017659921	200mm	90mm	piece	12 pcs	120 pcs

- Scissors for cutting various soft materials, such as paper, cardboard, canvas, masking tapes and foils
- Handle material: PVC
- Blade material: stainless steel

K5	8606007994971	5mm	37mm	piece	120 pcs	120 pcs

- Plastic tile crosses for correct positioning of ceramic tiles and creating an even gap
- Length: 37mm
- Material: polyethylene

## TILE STICKS, 200 PIECES

Code	EAN code	Length	Unit	Pack unit	Master carton
KAPV	8606007998559	30mm	piece	25 pcs	250 pcs

- Plastic tile sticks for correct positioning of ceramic tiles and creating an even gap
- Material: polyethylene

## TILE LEVELING WEDGES, 100 PIECES

Code	EAN code	Length	Unit	Pack unit	Master carton
NK-100	8606017652786	92mm	piece	15 pcs	15 pcs

- Tile leveling wedges
- Simple, fast, and precise installation
- Used with products NS1-100, NS1.5-100, and NS2-100 depending on the desired grout thickness, and with pliers NKL2U1
- Suitable for tiles with a thickness of 4-10mm
- Can be reused

## LINEAR SPACERS, 100 PIECES

Code	EAN code	Width	Unit	Pack unit	Master carton
NS1-100	8606017652762	1mm	piece	25 pcs	25 pcs

NS2-100	8606017652779	2mm	piece	25 pcs	25 pcs

- Linear spacers are part of the leveling system used to assist tile leveling wedges during tile installation
- Simple, fast, and precise installation
- Used with pliers NKL2U1 and wedges NK-100
- Suitable for grout joints of 1mm and tiles with a thickness of 4-10mm, as well as any tile surface

## ADJUSTABLE LEVELING PLIERS 2IN1

Code	EAN code	Length	Unit	Pack unit	Master carton
NKL2U1	8605043403199	220mm	piece	50 pcs	50 pcs

- Adjustable leveling pliers for precise adjustment of leveling wedges during tile installation, with two interchangeable tips
- Base material: steel
- Tip material: PVC

**STAINLESS STEEL TROWEL,  
SERRATED, SHORT BASE  
WOODEN HANDLE**

- Stainless steel trowel with a short serrated base for applying construction adhesives
- Base material: stainless steel
- Base thickness: 0.7mm
- Handle material and angle: beech wood handle at a 90° angle
- Base and handle position: short base with the handle positioned in the upper third

Code	EAN code	Dimension	Sponge thickness	Unit	Pack unit	Master carton
SKG	8606017651598	160x110mm	60mm	piece	20 pcs	20 pcs

- Coarse sponge designed for cleaning tiles during grouting
- Exceptional water absorption allows for easy removal of excess grout material
- Designed for use on smaller surfaces and hard-to-reach areas
- Sponge thickness: 60mm

## HYDRO SPONGE FOR TILERS

Code	EAN code	Dimension	Sponge thickness	Unit	Pack unit	Master carton
SKH	8606017651604	160x110mm	60mm	piece	20 pcs	20 pcs

- Hydro sponge designed for cleaning tiles during grouting
- Exceptional water absorption allows for easy removal of excess grout material
- Designed for use on smaller surfaces and hard-to-reach areas
- Sponge thickness: 60mm

## GROUT SPREADER

Code	EAN code	Number of tools	Unit	Pack unit	Master carton
SSF4X1	8605043402013	4 pcs	piece	100 pcs	100 pcs

- Set of 4 silicone spatulas for precise application, leveling, or repair of silicone, acrylic or other elastic materials on joints
- Material: thermoplastic rubber (TPR)
- Flexible and durable
- High resistance to chemical effects
- 4 different tools with 28 profiles marked on the product (mm, radius, angle degree)

## GROUT SCRAPER

Code	EAN code	Length	Rubber tips	Unit	Pack unit	Master carton
SZF	8606017656128	186mm	5 pcs	piece	100 pcs	100 pcs

- Tool for quick and easy shaping and removal of old grout
- Handle material: PVC
- Attachment material: silicone
- The scraper has one attachment for removing excess grout after application, while the other end features a silicone attachment for shaping grout
- The set includes five silicone attachments with different tips for shaping corner joints

**TILING BUCKET  
WITH 3 ROLLERS,  
20l**

- Tiling bucket with three rollers, designed for rinsing sponges during grouting
- Length: 51cm
- Width: 26cm
- Depth: 26cm
- Volume: 20l
- Three rollers positioned at an angle
- Wheels facilitate easy handling of the bucket
- The mesh inside the bucket protects the sponge from contact with removed material

Code	EAN code	Volume	Unit	Pack unit	Master carton
KK20L	8606007990973	20l	piece	10 pcs	10 pcs

VGAD	8605043407506	80kg	piece	10 pcs	10 pcs

- Vacuum suction lifter aluminium-double cup for carrying, moving, and placing ceramic, granite, and similar smooth-surfaced tiles
- The mechanism allows for easy handling with just one hand
- Diameter: Ø120mm
- Material: aluminum / rubber
- Load capacity: 80kg

## VACUUM SUCTION LIFTER ALUMINIUM TRIPLE CUP

Code	EAN code	Load capacity	Unit	Pack unit	Master carton
VGAT	8605043407513	150kg	piece	6 pcs	6 pcs

- Vacuum suction lifter aluminium-triple cup for carrying, moving, and placing ceramic, granite, and similar smooth-surfaced tiles
- The mechanism allows for easy handling with just one hand
- Diameter: Ø120mm
- Materials: aluminum / rubber
- Load capacity: 150kg

**MULTIFUNCTIONAL CIRCULAR SAW BLADE HOLDER**  
Ø20-83mm

- Positioning tool for drilling precise holes in hard tiles, marble, granite, ceramic and glass
- Hole diameter: from 20mm to 83mm
- Housing material: PVC
- Suction cup material: natural rubber

Code	EAN code	Opening dimension	Unit	Pack unit	Master carton
MDKT	8605043407452	20-83mm	piece	36 pcs	36 pcs

**VACUUM TOOL FOR CENTERING DIAMOND DRILL BIT**

- Vacuum tool for securing diamond drill bits when drilling tiles, glass, marble, granite, and ceramic
- Hole sizes: 4mm, 5mm, 6mm, 8mm, 10mm, and 12mm
- Housing material: ABS plastic
- Suction cup material: natural rubber

Code	EAN code	Opening dimension	Unit	Pack unit	Master carton
VACDB	8605043407414	4-12 mm	piece	25 pcs	100 pcs

## MARKING AND WRITING NEEDLE, 8mm

Code	EAN code	Length	Unit	Pack unit	Master carton
IOP8	8605043407469	145mm	piece	10 pcs	200 pcs

- Marking needle for hard materials, including steel, ceramic and glass
- Tip material: Tungsten carbide
- Body material: aluminum alloy
- Tip length: 8mm
- Clip for hanging
- Needle of exceptional precision

## PANEL CARRY TOOL

Code	EAN code	Load capacity	Unit	Pack unit	Master carton
ANP	8606017656968	80kg	piece	12 pcs	12 pcs

- Tool for carrying panels, glass, and other large surface elements
- Material: polypropylene
- Load capacity: up to 80kg

## WALL TILE JACKING DEVICE

Code	EAN code	Load capacity	Unit	Pack unit	Master carton
APZP	8605043407476	80kg	piece	40 pcs	40 pcs

- Tool for lifting and positioning wall tiles, with a load capacity of up to 80kg, featuring a high-strength and reliable spring
- Base diameter: Ø10cm
- Height adjustment: 1-12cm
- Material: steel

# TROWELS AND BOWLS

## STAINLESS STEEL TROWEL, OVAL

Code	EAN code	Length	Unit	Pack unit	Master carton
MOI	8606007991307	160mm	piece	12 pcs	120 pcs
MO	8606007991291	180mm	piece	12 pcs	120 pcs

- Steel trowel with a rounded tip, designed for applying mortar and precisely smoothing edges when working with viscous construction materials
- Handle material: wood
- Base material: stainless steel
- Base thickness: 1.2mm

## STEEL TROWEL, RECTANGULAR

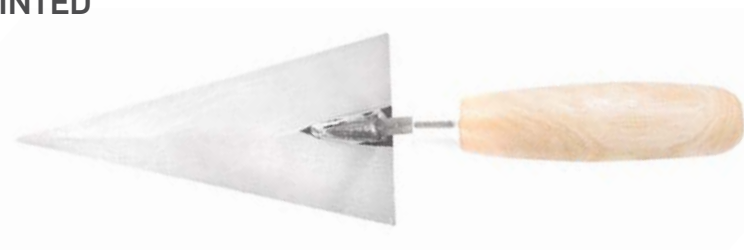

Code	EAN code	Dimension	Unit	Pack unit	Master carton
MPR	8606007994490	125mm	piece	10 pcs	100 pcs

- Rectangular steel trowel with flat edges, designed for applying mortar and precisely smoothing edges when working with viscous construction materials
- Its shape and size makes it suitable for working on smaller surfaces
- Handle material: wood
- Base material: polished steel
- Base thickness: 1.2mm

## STEEL TROWEL, POINTED

Code	EAN code	Length	Unit	Pack unit	Master carton
MSI	8606007991338	160mm	piece	12 pcs	120 pcs

- Steel trowel with a pointed tip, designed for precisely smoothing edges when working with viscous construction materials
- The pointed tip allows for work in hard-to-reach areas
- Handle material: wood
- Base material: steel
- Base thickness: 1.2mm

## STAINLESS STEEL TROWEL, SQUARE

Code	EAN code	Length	Unit	Pack unit	Master carton
MKI	8606007991284	160mm	piece	12 pcs	120 pcs
MK	8606007991277	180mm	piece	12 pcs	120 pcs

- Square trowel with flat edges, designed for applying mortar and precisely smoothing edges when working with viscous construction materials
- Its size is suitable for larger-scale work
- Handle material: wood
- Base material: stainless steel
- Base thickness: 1.2mm

# TROWELS AND BOWLS

## STEEL PLASTERING TROWEL

- Stainless steel trowel, designed for precise plastering work on smaller surfaces
- Handle material: wood
- Base material: steel
- Base thickness: 1.2mm

Code	EAN code	Length	Unit	Pack unit	Master carton
GM80	8606017650850	80mm	piece	12 pcs	120 pcs

GM120	8606017658399	120mm	piece	12 pcs	120 pcs

## STAINLESS STEEL TROWEL FOR INTERIOR CORNERS

- Corner trowel with a wooden handle, designed for shaping interior corners when applying construction materials
- Handle material: wood
- Base material: stainless steel
- Base thickness: 1.2mm

Code	EAN code	Dimension	Unit	Pack unit	Master carton
MUU	8606007991383	60x80mm	piece	10 pcs	50 pcs

## STAINLESS STEEL TROWEL FOR EXTERIOR CORNERS

- Corner trowel with a wooden handle, designed for shaping exterior corners when applying construction materials
- Handle material: wood
- Base material: stainless steel
- Sheet thickness: 1.2mm

Code	EAN code	Dimension	Unit	Pack unit	Master carton
MSU	8606007991352	60x80mm	piece	10 pcs	50 pcs

## STEEL BRICKLAYING TROWEL

- Steel trowel with a wooden handle for finishing grout lines
- Handle material: wood
- Base material: steel
- Base thickness: 1.5mm

Code	EAN code	Length	Width	Unit	Pack unit	Master carton
MF	8606007991246	150mm	9mm	piece	12 pcs	120 pcs

## STAINLESS STEEL TROWEL, SQUARE, WITH A RUBBER HANDLE

Code	EAN code	Length	Unit	Pack unit	Master carton
MR180	8606007991321	180mm	piece	12 pcs	72 pcs

- Stainless steel trowel with a rubberized handle, designed for applying mortar and precisely smoothing edges when working with viscous construction materials
- Handle material: PVC with a rubber coating
- Base material: stainless steel
- Base thickness: 1.2mm

## METAL BOWL

Code	EAN code	Diameter	Unit	Pack unit	Master carton
FME	8606106732429	Ø170mm	piece	30 pcs	50 pcs

- Metal bowl with a wooden handle, designed for working with mortar and other construction materials
- It features a metal hook attached to the wooden handle, used for hanging on the edge of a trough
- Handle length: 140mm
- Sheet thickness: 0.8mm
- Weight: 370g

## PVC BOWL, PROFESSIONAL

Code	EAN code	Diameter	Unit	Pack unit	Master carton
FPVCP	8606007993905	Ø170mm	piece	60 pcs	60 pcs

- PVC bowl with a handle, made from high-quality plastic, designed for working with mortar and other construction materials
- It features a metal hook attached to the handle, used for hanging on the edge of a trough
- Handle length: 140mm

## PVC BOWL

Code	EAN code	Diameter	Unit	Pack unit	Master carton
FPVC	8606104807051	Ø170mm	piece	40 pcs	75 pcs

- PVC bowl with a handle, made from high-quality plastic, designed for working with mortar and other construction materials
- It features a metal hook attached to the handle, used for hanging on the edge of a trough
- Handle length: 140mm

## PLASTERING FLOAT, PLASTIC

- Plastic plastering float reinforced with structural ribs, designed for finishing and smoothing surfaces covered with lime-cement mortar
- Material: PVC

Code	EAN code	Length	Width	Unit	Pack unit	Master carton
PPM	8606104807044	250mm	140mm	piece	40 pcs	40 pcs

- Professional measuring tape with an open plastic housing and ergonomic handle
- Measuring tape material: fiberglass
- Measuring tape width: 14mm
- Double-sided calibrated tape

- Measuring tool for internal and external dimensions, depth, and distance measurements
- Measuring accuracy: 0.02mm
- Material: steel

- Angle ruler used for positioning two elements at a right angle
- For easier use, the shorter side of the square is raised
- The longer side is calibrated in both metric and imperial units
- Material: aluminum

- Material of the hammer head: steel, hardened to 45-55 Rockwell
- Material of the handle: oak wood

# PLIERS

## WIRE CUTTING PLIERS

- Wire cutting pliers with an improved cutting force transmission system and increased hardness of the cutting edges
- Rubberized handles
- Material: carbon steel

Code	EAN code	Length	Unit	Pack unit	Master carton
KLZ450	8606007993462	450mm	piece	12 pcs	12 pcs
KLZ900	8606007997095	900mm	piece	4 pcs	4 pcs

## CARPENTER Pincer

Code	EAN code	Length	Unit	Pack unit	Master carton
KL	8606007990997	200mm	piece	6 pcs	48 pcs

- Carpenter pincer for nail extraction and wire work
- Material: carbon steel

## TOWER Pincer, Long, with Rubber Grip

Code	EAN code	Length	Unit	Pack unit	Master carton
KLG9	8606007996968	230mm	piece	6 pcs	60 pcs
KLG10	8606007996975	250mm	piece	6 pcs	60 pcs

- Tower pincer with extended handle and rubber grip, for working with wires of various diameters
- Material: carbon steel
- Handle material: Steel coated with rubber

## PIPE PLIERS with Rubber Grip

Code	EAN code	Length	Unit	Pack unit	Master carton
KLC1	8606007994759	300mm	piece	20 pcs	20 pcs
KLC2	8606007997033	550mm	piece	10 pcs	10 pcs
KLC3	8606007997040	650mm	piece	6 pcs	6 pcs

- Pipe pliers with a rubber grip, designed for working with pipes of various diameters
- Adjustable jaw opening
- Material: forged carbon steel
- Handle: rubber

## PLUMBING PLIERS

Code	EAN code	Length	Unit	Pack unit	Master carton
KLVP	8606007996982	250mm	piece	6 pcs	60 pcs

- Plumbing pliers, designed for most plumbing tasks
- Adjustable jaw opening
- Material: forged carbon steel
- Handle: rubber

# | SAWS

## CONSTRUCTION SAW, 70cm

Code	EAN code	Length	Weight	Unit	Pack unit	Master carton
TG70	8606007991062	70cm	1.200g	piece	6 pcs	24 pcs

- Construction saw for cutting wood and aerated concrete blocks
- Blade thickness: 1mm
- Weight: 1.200g
- Blade material: MN65 carbon steel
- Handle material: ABS plastic
- Teeth: 17 teeth, 15mm in height

## WOOD SAW WITH SHEATH, 55cm

Code	EAN code	Length	Weight	Unit	Pack unit	Master carton
TDF	8606107185354	55cm	700g	piece	6 pcs	24 pcs

- Wood saw for cutting all types of wood, in a practical sheath
- Blade thickness: 1mm
- Weight: 700g
- Blade material: MN65 carbon steel
- Handle material: ABS plastic
- Teeth: induction hardened and triple-ground, with 7 teeth spaced every 2.5cm
- Special coating on the entire blade allows for smoother movement through wood

## WOOD SAW WITH ADJUSTABLE HANDLE, 30cm

Code	EAN code	Length	Weight	Unit	Pack unit	Master carton
TDPR30	8600102480896	30cm	350g	piece	6 pcs	24 pcs

- Saw with adjustable handle for cutting all types of wood and drywall
- Blade thickness: 1mm
- Weight: 350g
- Blade material: MN65 carbon steel
- Handle material: ABS plastic
- Teeth: induction hardened with double angle (cutting in both directions)
- 5 different cutting angles

## WOOD SAW, 55cm

Code	EAN code	Length	Weight	Unit	Pack unit	Master carton
TD55	8606007991949	55cm	500g	piece	6 pcs	24 pcs

- Saw for cutting all types of wood and drywall
- Blade thickness: 1mm
- Weight: 500g
- Blade material: MN65 carbon steel
- Handle material: ABS plastic
- Teeth: induction hardened, Rockwell hardness 55

# SAWS

## BOW SAW, 45cm

Code	EAN code	Length	Weight	Unit	Pack unit	Master carton
TD45	8606007992557	45cm	500g	piece	12 pcs	12 pcs

- Bow saw for precise cutting of any type of wood
- Blade thickness: 1mm
- Weight: 500g
- Blade material: MN65 carbon steel
- Handle material: thermoplastic material with a hand guard on the rear handle
- Teeth with double angle for cutting in both directions

## BOW SAW, 76cm

Code	EAN code	Length	Weight	Unit	Pack unit	Master carton
TD76	8606007992588	76cm	700g	piece	12 pcs	12 pcs

- Bow saw for precise cutting of any type of wood
- Blade thickness: 1mm
- Weight: 700g
- Blade material: MN65 carbon steel
- Handle material: thermoplastic material with a hand guard on the rear handle
- Teeth with double angle for cutting in both directions

## WOOD SAW SPARE BLADES

Code	EAN code	Length	Weight	Unit	Pack unit	Master carton
LTD45	8606007991437	45cm	50g	piece	50 pcs	200 pcs
LTD76	8606007991444	76cm	70g	piece	50 pcs	200 pcs

- Replacement saw blade for precise cutting of any type of wood
- Blade thickness: 1mm
- Weight: 70g
- Material: MN65 carbon steel
- Teeth with double angle for cutting in both directions

## HACKSAW, PVC HANDLE, 30cm

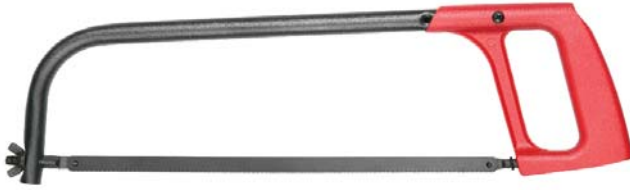

Code	EAN code	Length	Weight	Unit	Pack unit	Master carton
TZM	8606007996005	30cm	380g	piece	60 pcs	60 pcs

- Hacksaw for cutting all types of metal
- Blade thickness: 1mm
- Weight: 380g
- Blade material: carbon steel
- Handle material: PVC
- Teeth: 24 teeth spaced every 2.5cm

## HACKSAW, ALUMINIUM HANDLE, 30cm

Code	EAN code	Length	Weight	Unit	Pack unit	Master carton
TMA30	8606007995787	30cm	380g	piece	6 pcs	24 pcs

- Hacksaw with aluminum frame for cutting wood
- Blade thickness: 1mm
- Weight: 380g
- Blade material: carbon steel
- Handle material: aluminum
- Teeth: 24 teeth spaced every 2.5cm

## GYPSUM SAW, DOUBLE-SIDED, 15cm

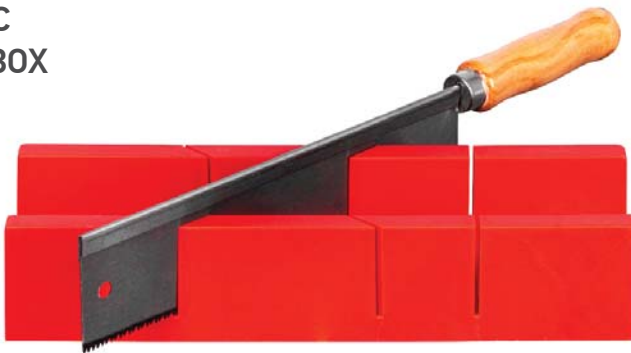

Code	EAN code	Length	Weight	Unit	Pack unit	Master carton
TGO15	8606007995749	15cm	180g	piece	6 pcs	36 pcs

- Saw for cutting, drilling and shaping gypsum
- Blade thickness: 1mm
- Weight: 180g
- Blade material: MN65 carbon steel
- Handle material: TPR (thermoplastic material)
- Teeth: hardened with triple angle for cutting in both directions
- Blade tip angled for easier drilling and drywall shaping

## PLASTIC MITER BOX

Code	EAN code	Dimension	Unit	Pack unit	Master carton
PLG	8606007990706	300x95mm	piece	40 pcs	40 pcs

- Plastic miter box for cutting wooden mouldings at an angle (mitering), with saw
- Miter box material: ABS
- Saw material: hardened steel / wooden handle
- Teeth: triple-cut, induction hardened and reinforced, no need for re-sharpening

## ABS MITER BOX WITH SAW

Code	EAN code	Dimension	Unit	Pack unit	Master carton
GABS30	8606107185378	300x140mm	piece	24 pcs	24 pcs

- Plastic miter box for cutting wooden mouldings at an angle (mitering), with saw
- Template with measuring edge
- Miter box material: ABS plastic
- Saw material: MN65 carbon steel
- Blade length: 30cm
- Handle material: ABS
- Teeth: induction hardened and reinforced, triple-cut, with 7 teeth placed every 2.5cm

## PLASTERBOARD ANGLE EDGER

Code	EAN code	Length	Weight	Unit	Pack unit	Master carton
SGU	8606017656951	15cm	180g	piece	6 pcs	36 pcs

Code	EAN code	Unit	Pack unit	Master carton
SGP	8606017659600	piece	200 pcs	200 pcs

- Plasterboard angle edger, intended for cutting plasterboards at an angle of 45° and 22.5°
- Cutter length: 240mm
- Cutter width: 60mm
- Cutter height: 90mm
- Material: high-quality PVC plastic, unbreakable carbon steel blade
- For the trapezoidal blade, there is an option to adjust the working height using the safety wheel
- Beorol replacement blades: SGP

## CIRCULAR SAW SET, 16 PIECES

Code	EAN code	Testera u setu	Unit	Pack unit	Master carton
TKS16	8606007994841	12 pcs	piece	20 pcs	20 pcs

- Set of circular saw blades in various sizes, for making holes during installation work on drywall and wood
- Material: high-speed steel
- Saw dimensions: Ø12.5cm, Ø10cm, Ø9cm, Ø7.5cm, Ø6.5cm, Ø5cm, Ø4.5cm, Ø3.5cm, Ø3cm, Ø2.8cm, Ø2cm, Ø1.8cm
- The set contains 16 pieces
- PVC packaging

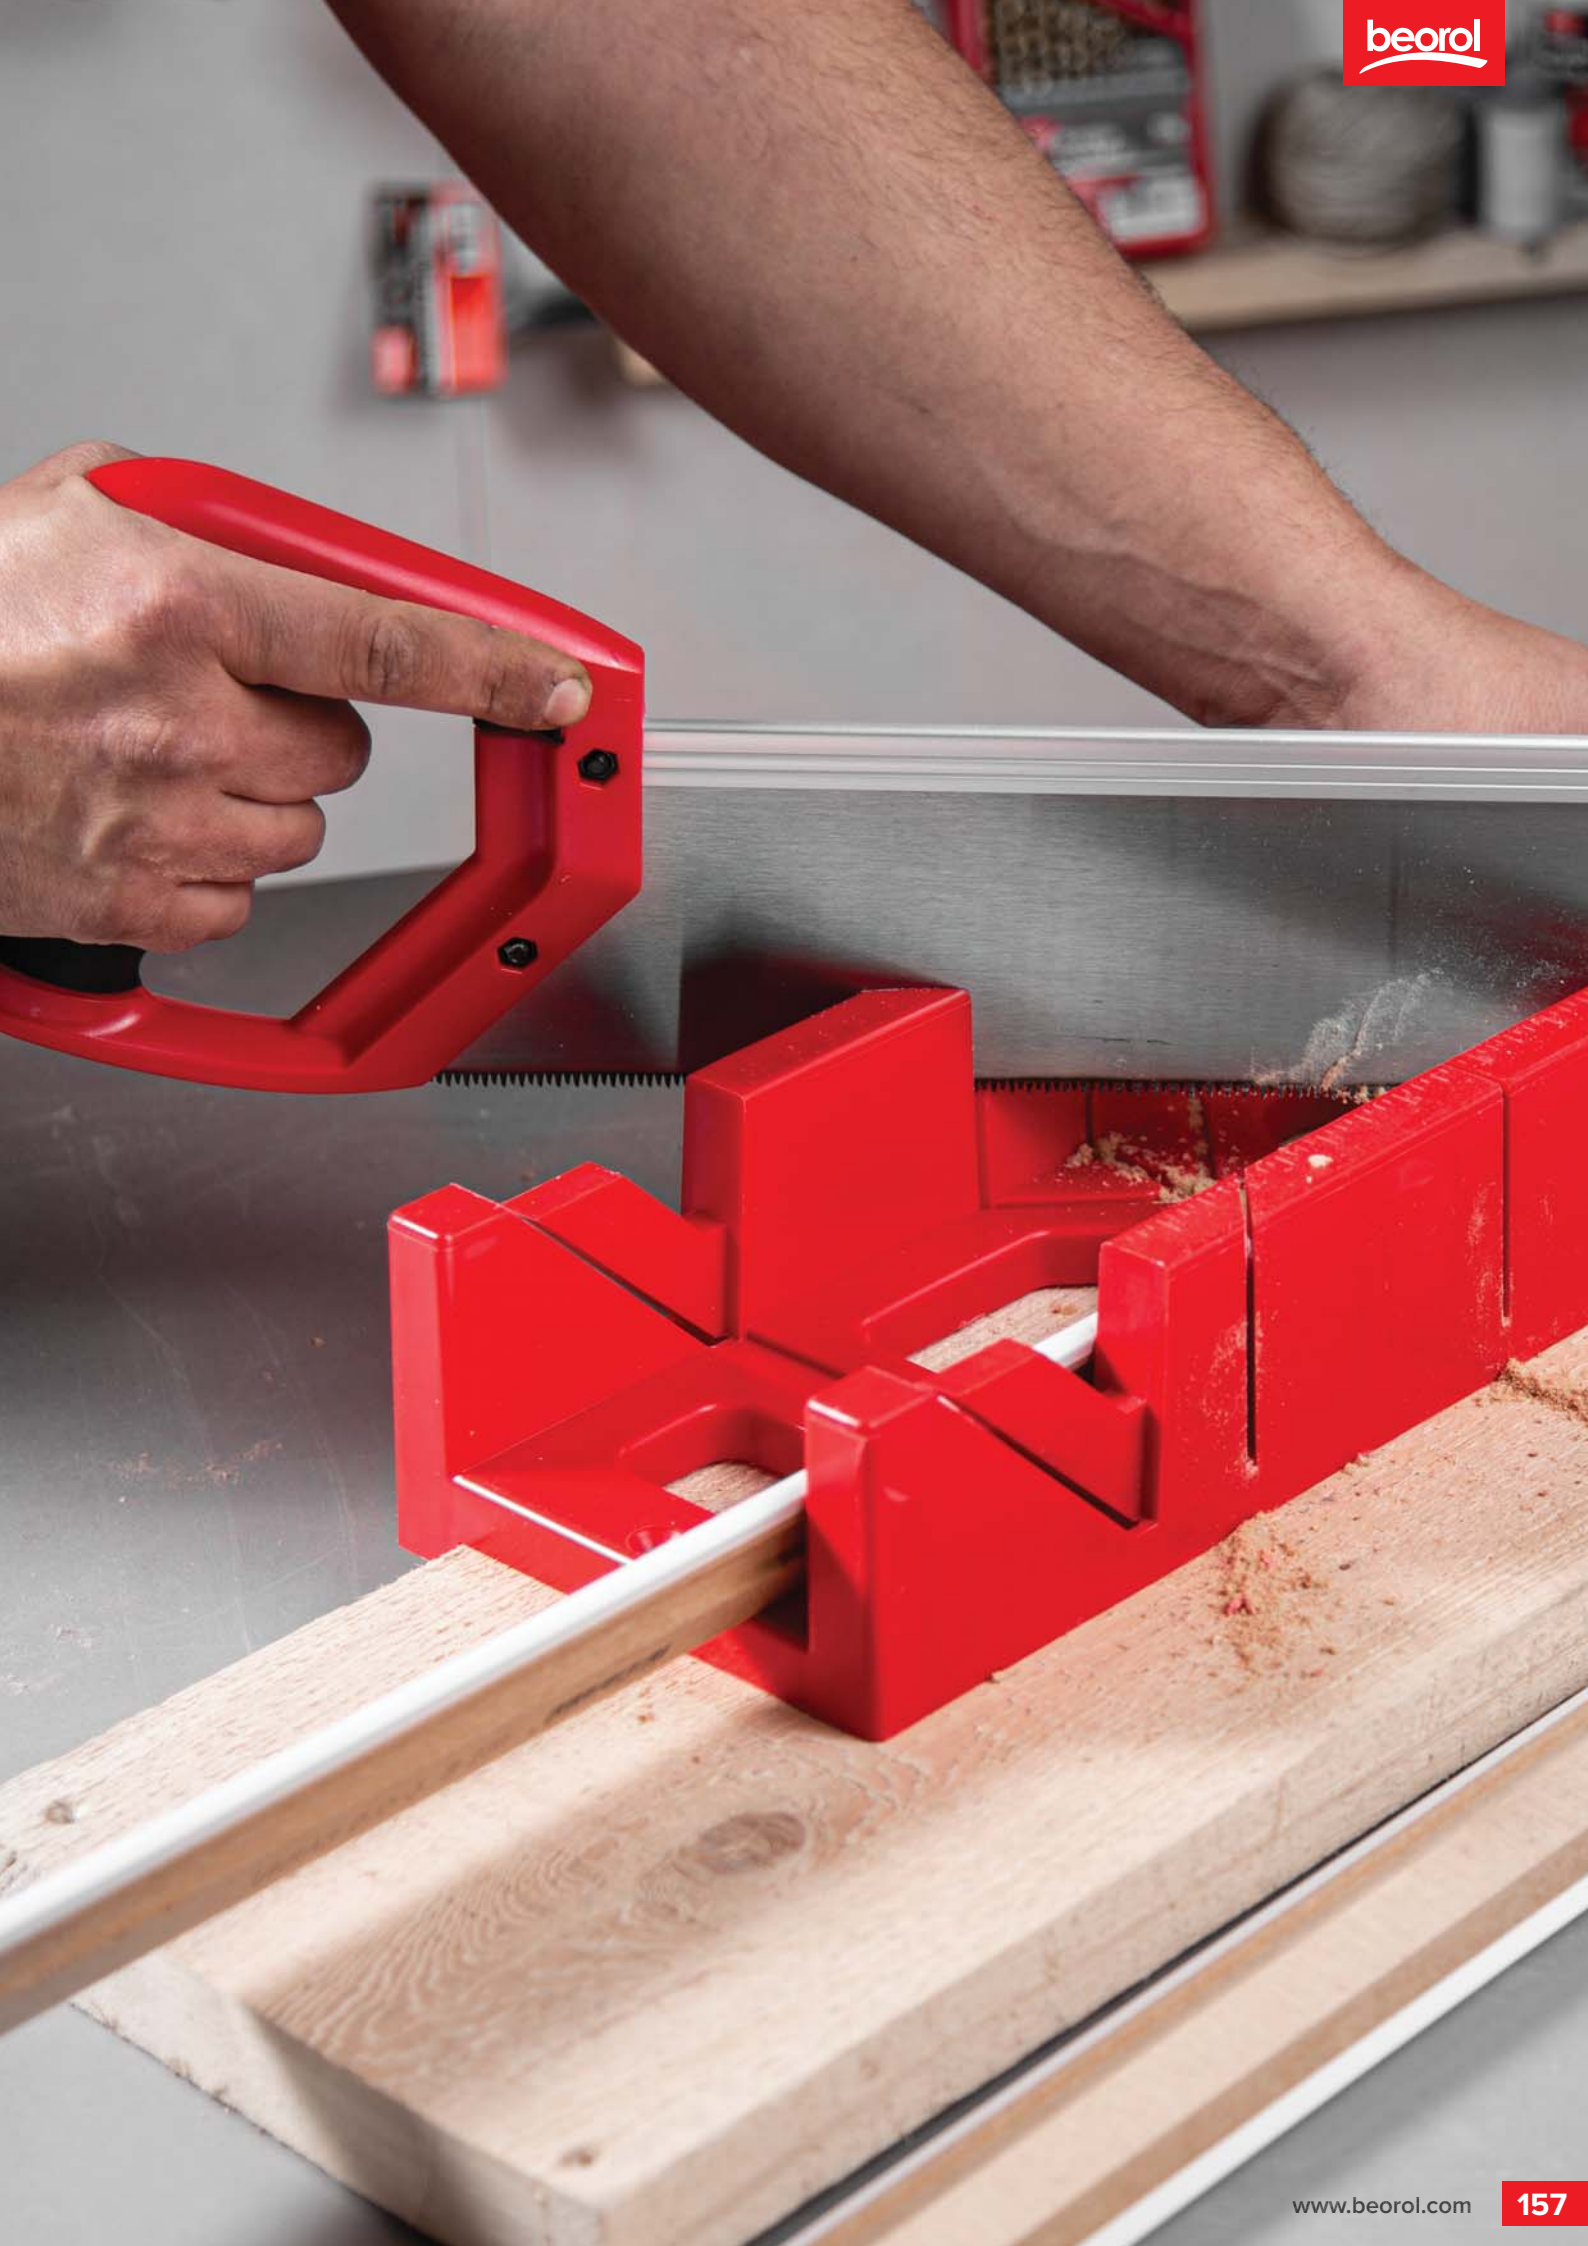

## CIRCULAR SAW SET, 8 PIECES

Code	EAN code	Testera u setu	Unit	Pack unit	Master carton
TKS8	8606007994834	5 pcs	piece	20 pcs	20 pcs

- Set of circular saw blades in various sizes, for making holes during installation work on drywall and wood
- Material: high-speed steel
- Saw dimensions: Ø51mm, Ø76mm, Ø90mm, Ø102mm, Ø127mm
- The set contains 8 pieces
- PVC packaging

# LADDERS

## ALUMINIUM COMBINATION LADDER

- Aluminium combination ladder, made of 3 sections, offering multiple setup options
- Material: aluminium
- Maximum load capacity: up to 150kg
- Safety synthetic rope to prevent accidental collapse during use
- Safety certification according to EN131 standard

MAXIMUM LOAD **150 kg**

# OTHER CONSTRUCTION TOOLS

## MANUAL PUMP FOR CONSTRUCTION MATERIALS

Code	EAN code	Length	Diameter	Unit	Pack unit	Master carton
RPZGM	8605043407896	61cm	6cm	piece	1 pcs	30 pcs

- Manual pump for construction materials (cement, plaster, adhesive, etc.), for quick application on walls, door frames, between bricks, stone slabs, etc.
- Material: ABS
- Push rod: stainless steel / rubber
- Includes 5 different nozzles
- Volume: 1 liter

## LINE REEL, 50m

Code	EAN code	Length	Unit	Pack unit	Master carton
GK50	8606107185330	50m	piece	24 pcs	96 pcs

- Line reel on a polypropylene reel, for marking in construction
- Weight: 70g
- String material: polypropylene threads
- String color: yellow

## CHALK POWDER, BLUE

Code	EAN code	Quantity	Unit	Pack unit	Master carton
GKP	8606107185347	180g	piece	6 pcs	60 pcs
PP	8606007991574	60g	piece	30 pcs	300 pcs

- Blue construction chalk powder, for marking in construction during vertical and horizontal leveling using construction string
- Material: oxide pigment powder

# MARKING TOOLS

## WATER LEVEL HOSE WITH MEASURING SCALE

- Water level hose with measuring scale, for horizontal surface leveling
- Can also be used for transferring liquids
- Material: non-toxic PVC 75ShA
- Color: transparent
- High chemical resistance
- Temperature resistance: from -10 °C to +60 °C

Code	EAN code	Diameter	Length	Unit	Pack unit	Master carton
VC20	8606007992434	Ø6mm	20m	piece	10 pcs	10 pcs

## WATER LEVEL HOSE

- It is used as a construction aid for leveling the terrain and for pouring various types of liquids
- Exceptional transparency enables clear monitoring of liquid flow inside the hose
- Material: non-toxic PVC 75ShA
- Color: transparent
- Resistance to temperatures in the range of -10 °C +60 °C
- High resistance to chemicals

RPK230X3	8606007996579	Ø230mm	6.650	piece	25 pcs	50 pcs

- Abrasive cutting disc for elements made of stone, marble, ceramic and concrete
- The inside of the disc contains a reinforcing mesh
- The metal hub ensures a stronger and safer connection with the angle grinder
- Disc thickness: 3mm
- Maximum speed: 80 m/s
- Hub diameter: Ø22.2mm

# GRINDING AND CUTTING DISCS

## TURBO DIAMOND CUTTING DISC

- Cutting disc for fast cutting of concrete, stone and brick
- The "WAVE" (wavy) shape of the disc helps to direct airflow and expels dust away from the cutting zone, reducing disc heating and increasing cutting efficiency
- Can be used on circular saws or angle grinders
- Maximum speed: 80 m/s
- Hub diameter: Ø22.2mm

SCRATCH BRUSH,  
4 ROWS,  
WITH SCRAPER**

Code	EAN code	Length	Unit	Pack unit	Master carton
CCS4	8606007995046	300mm	piece	12 pcs	120 pcs

- Scratch wire brush with scraper for manual cleaning of surfaces and mechanical removal of larger and tougher dirt and rust
- Professional quality level
- Wire material: steel
- Handle material: wood
- Length: 300mm

**STEEL COATED  
SCRATCH BRUSH,  
4 ROWS,  
WITH HANDLE**

Code	EAN code	Length	Unit	Pack unit	Master carton
CC4	8606007993998	166mm	piece	12 pcs	120 pcs

- Scratch wire brush with handle for manual cleaning of smaller surfaces from dirt and rust
- Wire material: steel
- Handle material: PVC
- Length: 166mm

# SAWS AND SHEARS

## WOOD SAW WITH ADJUSTABLE HANDLE, 30cm

Code	EAN code	Length	Weight	Unit	Pack unit	Master carton
TDPR30	8600102480896	35cm	350g	piece	6 pcs	24 pcs

- Saw with adjustable handle for cutting all types of wood and drywall
- Length: 30cm
- Blade thickness: 1mm
- Weight: 350g
- Blade material: MN65 carbon steel
- Handle material: ABS plastic
- Teeth: induction hardened with double angle (cutting in both directions)
- 5 different cutting angles

## WOOD SAW WITH SHEATH, 55cm

Code	EAN code	Length	Weight	Unit	Pack unit	Master carton
TDF	8606107185354	55cm	700g	piece	6 pcs	24 pcs

- Wood saw for cutting all types of wood, in a practical sheath
- Length: 55cm
- Blade thickness: 1mm
- Weight: 700g
- Blade material: MN65 carbon steel
- Handle material: ABS plastic
- Teeth: induction hardened and triple-ground, with 7 teeth spaced every 2.5cm
- Special coating on the entire blade allows for smoother movement through wood

## WOOD SAW, 55cm

Code	EAN code	Length	Weight	Unit	Pack unit	Master carton
TD55	8606007991949	55cm	500g	piece	6 pcs	24 pcs

- Saw for cutting all types of wood and drywall
- Length: 55cm
- Blade thickness: 1mm
- Weight: 500g
- Blade material: MN65 carbon steel
- Handle material: ABS plastic
- Teeth: induction hardened, Rockwell hardness 55

## BOW SAW SPARE WOOD SAW BLADE

Code	EAN code	Length	Weight	Unit	Pack unit	Master carton
TD45	8606007992557	45cm	500g	piece	12 pcs	12 pcs
TD76	8606007992588	76cm	700g	piece	12 pcs	12 pcs
LTD45	8606007991437	45cm	50g	piece	50 pcs	200 pcs
LTD76	8606007991444	76cm	70g	piece	50 pcs	200 pcs

- Bow saw for precise cutting of any type of wood
- Blade thickness: 1mm
- Blade material: MN65 carbon steel
- Handle material: thermoplastic material with a hand guard on the rear handle
- Teeth with double angle for cutting in both directions

# SAWS

## CONSTRUCTION SAW, 70cm

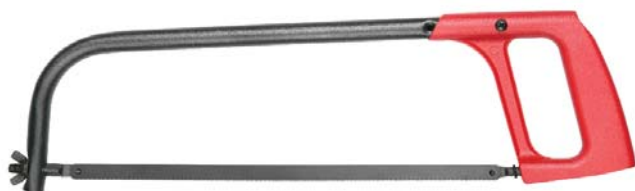

Code	EAN code	Length	Weight	Unit	Pack unit	Master carton
TG70	8606007991062	70cm	1.200g	piece	6 pcs	24 pcs

- Construction saw for cutting wood and aerated concrete blocks
- Length: 70cm
- Blade thickness: 1mm
- Weight: 1.200g
- Blade material: MN65 carbon steel
- Handle material: ABS plastic
- Teeth: 17 teeth, 15mm in height

## HACKSAW, ALUMINIUM HANDLE 30cm

Code	EAN code	Length	Weight	Unit	Pack unit	Master carton
TMA30	8606007995787	30cm	380g	piece	6 pcs	24 pcs

- Hacksaw with aluminum frame for cutting wood
- Length: 30cm
- Blade thickness: 1mm
- Weight: 380g
- Blade material: carbon steel
- Handle material: aluminum
- Teeth: 24 teeth spaced every 2.5cm

## HACKSAW, PVC HANDLE 30cm

Code	EAN code	Length	Weight	Unit	Pack unit	Master carton
TZM	8606007996005	30cm	380g	piece	60 pcs	60 pcs

- Hacksaw for cutting all types of metal
- Length: 30cm
- Blade thickness: 1mm
- Weight: 380g
- Blade material: carbon steel
- Handle material: PVC
- Teeth: 24 teeth spaced every 2.5cm

## GYPSUM SAW, DOUBLE-SIDED 15cm

Code	EAN code	Length	Weight	Unit	Pack unit	Master carton
TG015	8606007995749	15cm	180g	piece	6 pcs	36 pcs

- Saw for cutting, drilling and shaping gypsum
- Length: 15cm
- Blade thickness: 1mm
- Weight: 180g
- Blade material: MN65 carbon steel
- Handle material: TPR (thermoplastic material)
- Teeth: hardened with triple angle for cutting in both directions
- Blade tip angled for easier drilling and drywall shaping

## JIGSAW FOR WOOD, INVERTED TEETH, HOBBY

Code	EAN code	Length	Unit	Pack unit	Master carton
TDOH100	8606104807259	100mm	piece	100 pcs	400 pcs

- Jigsaw blade with reverse teeth for straight, precise cutting of hard and soft wood, laminate and plastic
- Hobby quality level
- Length: 100mm
- Tooth height: 2.5mm
- Material: HCS steel
- Packaging: 5 pieces

## JIGSAW FOR WOOD, PROFY

Code	EAN code	Length	Unit	Pack unit	Master carton
TDP100	8606104807334	100mm	piece	100 pcs	400 pcs

- Jigsaw blade for straight, rough cutting of hard and soft wood, as well as laminate
- Professional quality level
- Length: 100mm
- Tooth height: 4mm
- Material: Bi-metal
- Packaging: 5 pieces

# SAWS

Code	EAN code	Length	Unit	Pack unit	Master carton
TDOP100	8606104807310	100mm	piece	100 pcs	400 pcs

- Jigsaw blade with reverse teeth for straight, precise cutting of hard and soft wood, laminate and plastic
- Professional quality level
- Length: 100mm
- Tooth height: 2.5mm
- Material: Bi-metal
- Packaging: 5 pieces

## JIGSAW FOR WOOD AND PLASTICS, PROFY

Code	EAN code	Length	Unit	Pack unit	Master carton
TDPP100	8606104807327	100mm	piece	100 pcs	400 pcs

- Jigsaw blade for straight, precise cutting of hard and soft wood, laminate and plastic
- Professional quality level
- Length: 100mm
- Tooth height: 2.5mm
- Material: Bi-metal
- Packaging: 5 pieces

## JIGSAW FOR WOOD AND PLASTICS, HOBBY

Code	EAN code	Length	Unit	Pack unit	Master carton
TDPH100	8606104807273	100mm	piece	100 pcs	400 pcs

- Jigsaw blade for straight, precise cutting of hard and soft wood, laminate and plastic
- Hobby quality level
- Length: 100mm
- Reinforced with fiberglass
- Tooth height: 2.5mm
- Material: HCS steel
- Packaging: 5 pieces

## JIGSAW FOR WOOD, NARROW, HOBBY

Code	EAN code	Length	Unit	Pack unit	Master carton
TDUH76	8606104807266	76mm	piece	100 pcs	400 pcs

- Jigsaw blade for curved, precise cutting of hard and soft wood, laminate and plastic
- Hobby quality level
- Length: 76mm
- Tooth height: 1.4mm
- Material: HCS steel
- Packaging: 5 pieces

## JIGSAW FOR WOOD, HOBBY

Code	EAN code	Length	Unit	Pack unit	Master carton
TDH100	8606104807242	100mm	piece	100 pcs	400 pcs

- Jigsaw blade for straight, fast cutting of hard and soft wood, as well as laminate
- Hobby quality level
- Length: 100mm
- Tooth height: 4mm
- Material: HCS steel
- Packaging: 5 pieces

## JIGSAW FOR WOOD, COARSE, HOBBY

Code	EAN code	Length	Unit	Pack unit	Master carton
TDGH100	8606104807280	100mm	piece	100 pcs	400 pcs

- Jigsaw blade for straight, fast cutting of hard and soft wood and plastic
- Hobby quality level
- Length: 100mm
- Tooth height: 3mm
- Material: HCS steel
- Packaging: 5 pieces

## JIGSAW FOR METAL, HOBBY

Code	EAN code	Length	Unit	Pack unit	Master carton
TMH76	8606104807228	76mm	piece	100 pcs	400 pcs

- Jigsaw blade for straight, fast cutting of thin sheets of steel, aluminum and non-ferrous materials
- Hobby quality level
- Length: 76mm
- Tooth height: 1.2mm
- Material: HSS steel
- Packaging: 5 pieces

## JIGSAW FOR METAL, PROFY

Code	EAN code	Length	Unit	Pack unit	Master carton
TMP76	8606104807297	76mm	piece	100 pcs	400 pcs

- Jigsaw blade for straight, fast cutting of thin sheets of steel, aluminium and non-ferrous metals
- Professional quality level
- Length: 76mm
- Tooth height: 1.2mm
- Material: Bi-metal
- Packaging: 5 pieces

## AVIATION SNIPS

- Aviation snips for cutting metals of various hardness
- Ergonomic rubber handle
- Return spring
- Blade material: steel
- Length: 250mm
- Type: straight

Code	EAN code	Length	Unit	Pack unit	Master carton
MKL	8606007997002	250mm	piece	6 pcs	48 pcs

# SILICONES AND SEALENTS

**POLYURETHANE FLEX**  
One-component, permanently elastic polyurethane-based adhesive for bonding on concrete, brick, wood, metal, PVC materials, around windows and doors, sealing holes that leak water, gas, air or dust.

**MULTI FIX 4U1**  
One-component adhesive for bonding, sealing, and insulating joints in both interior and exterior applications.

**SILIKON SANITAR**  
Permanently elastic, one-component silicone sealant used for sealing materials such as glass, ceramics, wood, metal, PVC and construction materials in high humidity and water exposure conditions.

**SILICONE AQUARIUM**  
Permanently elastic one-component sealant specifically designed for sealing various materials in high humidity and water exposure conditions.

**MIRROR GLUE**  
Permanently elastic, one-component adhesive that bonds metal, aluminum, glass, plastic and concrete.

**SILICONE NEUTRAL**  
Permanently elastic one-component sealant primarily designed for outdoor use, intended for bonding glass, ceramics, steel, aluminum, plastics and construction materials.

**ACRYLIC SEALANT WHITE**  
One-component, universal, smooth-structured acrylic sealing material designed for sealing and filling cracks in walls and ceilings.

**ACRYLIC SAND-TEXTURED SEALANT**  
One-component sealant based on acrylic dispersion, designed for filling cracks in both exterior and interior applications.

**MONTAGE KIT**  
High-strength material for bonding and filling, based on synthetic rubber/resin.

**SILICONE ACETATE UNIVERSAL**  
One-component silicone sealant designed for indoor and outdoor use, sealing and bonding glass, wood, metal, ceramics, PVC and construction materials.

# SILICONES AND SEALENTS

## SILICONE ACETATE UNIVERSAL

- Universal silicone is an elastic one-component silicone sealant designed for indoor and outdoor use, sealing and bonding glass, wood, metal, ceramics, PVC and construction materials
- Key features: excellent adhesion, exceptional elasticity, high stability, UV resistant, antibacterial
- Curing time: 11-12 minutes (at 25 °C)
- Full drying time: 24 hours (2mm at 25 °C)
- Application temperature: from +5 °C to +40 °C
- Temperature resistance: from -45 °C to +150 °C

Code	EAN code	Volume	Color	Unit	Pack unit	Master carton

## SILICONE NEUTRAL

- Neutral silicone is a permanently elastic one-component sealant primarily designed for outdoor use, intended for bonding glass, ceramics, steel, aluminum, plastics and construction materials (brick, concrete)
- Acid-free, no reaction with materials it is applied to
- Key features: easy application, high adhesion to a wide range of materials, colorless and odorless, UV resistant
- Curing time: 10 minutes (2mm at 25 °C)
- Full drying time: 18 hours (2mm at 25 °C)
- Application temperature: from +5 °C to +40 °C
- Temperature resistance: from -50 °C to +150 °C

Code	EAN code	Volume	Color	Unit	Pack unit	Master carton

## SILICONE AQUARIUM

- Aquarium silicone is a permanently elastic one-component sealant specifically designed for sealing various materials in high humidity and water exposure conditions
- Complies with EN 15651 - 25LM standard
- Key features: exceptionally elastic, stable, resistant to UV radiation and mold, safe for fish and aquatic flora, solvent-free
- Curing time: 12 minutes (at 25 °C)
- Full drying time: 24 hours (2mm at 25 °C)
- Application temperature: from +5 °C to +40 °C
- Temperature resistance: from -40 °C to +150 °C

## SANITARY SILICONE

- Sanitary silicone is a permanently elastic, one-component silicone sealant used for sealing materials such as glass, ceramics, wood, metal, PVC and construction materials in high humidity and water exposure conditions
- Key features: long-lasting mold and mildew resistance, antibacterial, excellent adhesion, exceptional elasticity, high stability
- Curing time: 11-12 minutes (at 25 °C)
- Full drying time: 24 hours (at 25 °C)
- Application temperature: from +5 °C to +40 °C
- Temperature resistance: from -40 °C to +150 °C

## MIRROR GLUE

- Mirror glue is a permanently elastic, one-component adhesive that bonds metal, aluminum, glass, plastic and concrete exceptionally well
- Key features: easy application, free of solvents and harmful substances, no organic component emissions, no bubble formation, resistant to UV radiation and extreme weather conditions
- Curing time: 15 minutes (at 25 °C)
- Full drying time: 24 hours (2mm at 25 °C)
- Application temperature: from +5 °C to +35 °C
- Temperature resistance: from -40 °C to +90 °C

## MONTAGE KIT

- Montage kit is a high-strength material for bonding and filling, based on synthetic rubber/resin
- Application: for fixing objects to surfaces made of stone, concrete, ceramics, brick, plastic, wood, etc.
- Key features: extremely strong, resistant to weather conditions, water, and chemicals, fast-drying, and provides strong bonding without shrinkage
- Curing time: 30 seconds (at 25 °C)
- Application temperature: from +5 °C to +35 °C
- Temperature resistance: from -40 °C to +90 °C

Code	EAN code	Volume	Boja	Unit	Pack unit	Master carton

## ACRYLIC SAND-TEXTURED SEALANT

- Acrylic sand-textured sealant is a one-component sealant based on acrylic dispersion, designed for filling cracks in both exterior and interior applications
- It contains quartz sand, which, when applied, creates a texture similar to the wall
- Application: sealing stone, wood, glass, tiles, metal, and rigid PVC materials
- Key features: easy to use, forms a permanent water-repellent layer resistant to weather conditions after curing, UV resistant
- Curing time: 30-60 minutes (at 25 °C)
- Full drying time: 24 hours (2mm at 25 °C)
- Application temperature: from +5 °C to +35 °C
- Temperature resistance: from -10 °C to +80 °C

Code	EAN code	Volume	Color	Unit	Pack unit	Master carton
AKPS	8605043409418	280ml	White	piece	25 pcs	25 pcs

## ACRYLIC SEALANT WHITE

- Acrylic sealant is a one-component, universal, smooth-structured acrylic sealing material designed for sealing and filling cracks in walls and ceilings
- Application: sealing and bonding glass, wood, metal, ceramics, PVC and various construction materials exposed to low and medium expansion
- Key features: excellent adhesion, forms a permanently water-repellent layer after curing, high stability, can be painted
- Curing time: 15-60 minutes (at 25 °C)
- Full drying time: 24 hours (2mm at 25 °C)
- Application temperature: from +5 °C to +35 °C
- Temperature resistance: from -10 °C to +80 °C

## MULTIFIX HYBRID TRANSPARENT

- One-component adhesive for bonding, sealing, and insulating joints in both interior and exterior applications
- Application: used for sealing joints in contact with water and air, joints in construction exposed to vibrations, roofing, vacuum systems, containers, tanks, silos and joints on flooring surfaces
- Key features: easy to apply, excellent adhesion to most construction materials, free of solvents and harmful substances, no organic component emissions, eco-friendly product
- Does not shrink, does not form bubbles, resistant to UV radiation, chlorine, mold and weather conditions
- Curing time: 35 minutes (at 25 °C)
- Application temperature: from +5 °C to +35 °C
- Temperature resistance: from -40 °C to +90 °C

## PU FLEX, 300ml

- PU Flex is a one-component, permanently elastic polyurethane-based adhesive
- Application: for bonding on concrete, brick, wood, metal, PVC materials, around windows and doors, sealing holes that leak water, gas, air or dust
- Key features: easy to apply, resistant to weather conditions and water, does not change volume after application, can be painted
- Curing time: 60-90 minutes (at 25 °C)
- Full drying time: 24 hours (2mm at 25 °C)
- Application temperature: from +5 °C to +35 °C
- Temperature resistance: from -30 °C to +80 °C

## PU FLEX SAUSAGE, 600ml

- PU Flex in sausage form is a one-component, permanently elastic polyurethane-based adhesive for industrial use
- Application: for bonding on concrete, brick, wood, metal, PVC materials, around windows and doors, sealing holes that leak water, gas, air or dust
- Key features: easy to apply, resistant to weather conditions and water, does not change volume after application, can be painted over
- Curing time: 60-90 minutes (at 25 °C)
- Full drying time: 24 hours (2mm at 25 °C)
- Application temperature: from +5 °C to +35 °C
- Temperature resistance: from -30 °C to +80 °C

## ADHESIVE SPRAY

- Multipurpose fast-drying spray adhesive for bonding felt, fabric, leather, paper, plastic, glass, wood, etc.
- Key features: easy application, strong adhesion, quick drying
- Curing time: 1-15 minutes
- Application temperature: from +13 °C to +35 °C
- Temperature resistance: up to +60 °C

# PU FOAMS

## PU FOAM HIGH EXPANDING

- Universal one-component polyurethane foam with high expansion for filling and bonding in both exterior and interior construction applications
- Application: for filling holes and cracks, thermal and sound insulation
- Key features: high expansion, resistant to all weather conditions including saline water vapors and moisture, bonds to all construction materials except silicone, polyethylene and polypropylene
- Not UV resistant
- Time to form a solid layer: 10 minutes
- Full drying time: 25 minutes
- Application temperature: from +5 °C to +35 °C
- Temperature resistance: from -30 °C to +80 °C
- Type: manual

## PU FOAM LOW EXPANDING

- Universal one-component polyurethane foam with low expansion for filling and bonding in both exterior and interior construction applications
- Application: for fixing doors, window frames, filling holes and cracks, thermal and sound insulation
- Key features: low expansion, resistant to all weather conditions including saline water vapors and moisture, bonds to all construction materials except silicone, polyethylene and polypropylene
- Not UV resistant
- Time to form a solid layer: 10 minutes
- Full drying time: 17-21 minutes
- Application temperature: from +5 °C to +35 °C
- Temperature resistance: from -30 °C to +80 °C

## PU STYROFOAM LOW EXPANDING

- Polyurethane adhesive for styrofoam is a one-component foam (adhesive) with very low expansion, designed for both interior and exterior construction applications
- Application: for fixing insulation panels and decorative building materials, filling gaps
- Key features: extremely low expansion, excellent adhesion to most construction materials (wood, concrete, tiles, metal, and aluminum), thermal and sound insulation
- Time to form a solid layer: 6-7 minutes
- Full drying time: 30-40 minutes
- Application temperature: from +5 °C to +35 °C
- Temperature resistance: from -30 °C to +80 °C

## PU FOAM THERMAL AND SOUND INSULATING

- Thermal and sound insulating one-component polyurethane foam for filling and bonding in both exterior and interior construction applications
- Application: for roofs, attics, basements, facades, ceilings, garages with metal structures, balconies, windows, vehicle bodies, boats, pipes and ducts
- Key features: thermal and sound insulation, resistant to all weather conditions, bonds to all construction materials (brick, concrete, wood, tiles, etc.), can be applied vertically and horizontally using spray applicators (foam gun attachments)
- Flammability class: B2
- Time to form a solid layer: 5 minutes
- Ready for cutting: after 60 minutes
- Full drying time: 24 hours
- Application temperature: from +5 °C to +25 °C
- Temperature resistance: from -30 °C to +80 °C

# ACRYLIC SPRAY PAINT

- Acrylic spray paint for both exterior and interior use, suitable for painting metal materials (iron, brass, aluminum), ceramics, plastics and wood
- Key features: excellent coverage, resistant to weather conditions and light, does not yellow, CFC-free
- Coverage (400ml): 1.5-2m<sup>2</sup> depending on the thickness of application
- Drying / dust resistance: 10 minutes
- Drying / touch resistance: 20 minutes
- Full drying: 24 hours
- Optimal application temperature: from +10 °C to +25 °C
- Temperature resistance: up to 110 °C

## SCREWDRIVER SET 6 PIECES

Code	EAN code	Unit	Pack unit	Master carton
OSET6	8606007996814	piece	5 pcs	30 pcs

- Set of 6 most commonly used screwdrivers with different tips for tightening and loosening screws
- Material: CrV steel (Chromium Vanadium steel)
- Tip: SL / PH / PZ, additionally hardened and magnetized
- Set contents: SL3x50, SL6x100, PH0x50, PH1x75, PH2x100, PZ2x100

## PRECISION SCREWDRIVER SET, 9 PIECES

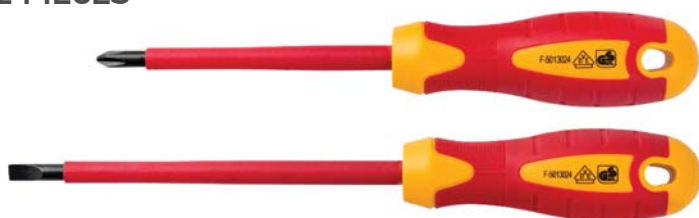

Code	EAN code	Unit	Pack unit	Master carton
OPSET9	8606007996821	piece	6 pcs	36 pcs

- Set of 9 precision screwdrivers with SL, TH, and PH tips for tightening and loosening small screws
- Material: CrV steel (Chromium Vanadium steel)
- The tips are additionally hardened and magnetized
- Set contents: SL 1.5, SL2, SL2.5, T5, T6, T7, PH000, PH00, PH0

## INSULATED SCREWDRIVER SET VDE, 2 PIECES

Code	EAN code	Unit	Pack unit	Master carton
OSETE2	8606107263311	piece	12 pcs	72 pcs

- Set of 2 screwdrivers for electricians with the two most commonly used screwdrivers for work on live installations
- Set contents: PH2x100mm, SL1x5.5x125mm
- Complies with VDE standard, for work on live installations up to 1000V

## INSULATED SCREWDRIVER SET VDE, 6 PIECES

Code	EAN code	Unit	Pack unit	Master carton
OSETE6	8606107263328	piece	6 pcs	24 pcs

- Set of 6 screwdrivers for work on live installations
- Set contents: SL0.8x4x100mm, SL1x5.5x125mm, PH1x80mm, PH2x100mm, PH3x150mm, SL5x140mm
- Complies with VDE standard, for work on live installations up to 1000V

## VOLTAGE TESTER

Code	EAN code	Unit	Pack unit	Master carton
GLN	8606007998412	piece	12 pcs	240 pcs

- Voltage tester screwdriver for checking the presence of electrical voltage in electrical installations
- Comes with a compliance certificate
- Dimension: 3mm x 140mm

# PLIERS

## COMBINATION PLIERS

- Combination pliers for versatile use
- Cutting edges suitable for soft and hard wire
- Serrated areas for gripping flat and round materials
- Material: steel
- Handle: ergonomic, coated with rubberized grip

Code	EAN code	Length	Unit	Pack unit	Master carton
KLK7	8606007991000	180mm	piece	6 pcs	60 pcs
KLK8	8606007996883	200mm	piece	6 pcs	60 pcs

## BENT NOSE PLIERS

Code	EAN code	Length	Unit	Pack unit	Master carton
KLSPS	8606007996890	165mm	piece	6 pcs	60 pcs

- Bent nose pliers for working with small components and in hard-to-reach areas
- Cutting edges suitable for cutting both soft and hard wire
- Material: steel
- Handle: ergonomic, covered with a rubber coating

## LONG NOSE PLIERS

Code	EAN code	Length	Unit	Pack unit	Master carton
KLSP	8606007991024	170mm	piece	6 pcs	60 pcs

- Long nose pliers for working with small components and in hard-to-reach places
- Cutting edges suitable for cutting both soft and hard wire
- Material: steel
- Handle: ergonomic, coated with a rubberized grip

## SIDE CUTTING PLIERS

Code	EAN code	Length	Unit	Pack unit	Master carton
KLSEC	8606007991017	160mm	piece	6 pcs	60 pcs
KLSEC7	8605043400651	180mm	piece	6 pcs	60 pcs

- Wire cutting pliers for different wire diameters
- Cutting edges suitable for cutting soft and hard wires
- Material: steel
- Handle: ergonomic, covered with rubber coating

## MINI BENT NOSE PLIERS

Code	EAN code	Length	Unit	Pack unit	Master carton
KLSPSO	8606007996937	130mm	piece	10 pcs	120 pcs

- Bent nose pliers for working with small components and in hard-to-reach places
- Cutting edges suitable for cutting soft and hard wires
- Material: steel
- Handle: ergonomic, coated with rubber cover

# PLIERS

## MINI LONG NOSE PLIERS

- Mini long nose pliers for precise work with small components and in hard-to-reach areas
- Cutting edges suitable for cutting soft and hard wires
- Material: steel
- Handle: ergonomic, coated with rubber cover

Code	EAN code	Length	Unit	Pack unit	Master carton
KLSP0	8606007996951	155mm	piece	10 pcs	120 pcs

## MINI COMBINATION PLIERS

- Mini combination pliers, versatile for working with small elements
- Cutting edges suitable for cutting soft and hard wire
- Material: steel
- Handle: ergonomic, coated with a rubberized cover

Code	EAN code	Length	Unit	Pack unit	Master carton
KLKPO	8606007996920	130mm	piece	10 pcs	120 pcs

## MINI CUTTING PLIERS

- Wire cutting pliers for various sizes of smaller diameter wires
- Cutting edges suitable for cutting soft and hard wires
- Material: steel
- Handle: ergonomic, coated with a rubberized cover

Code	EAN code	Length	Unit	Pack unit	Master carton
KLSECO	8606007996913	120mm	piece	6 pcs	60 pcs

## INSULATION STRIPPING PLIERS

- Wire stripping pliers
- Screw for adjusting the opening size according to the wire diameter
- Material: steel
- Handle: ergonomic, coated with a rubberized cover

Code	EAN code	Length	Unit	Pack unit	Master carton
KIZ	8606007996906	170mm	piece	6 pcs	60 pcs

## RIVETER STANDARD

Code	EAN code	Length	Unit	Pack unit	Master carton
KPNS	8606106732450	250mm	piece	6 pcs	48 pcs

- Riveter for pop rivets
- Material: steel
- Handle: PVC, with a key for adjusting the working dimension
- Working dimensions compatible with aluminum rivets: 2.4mm, 3.2mm, 4mm and 4.8mm

## RIVETER PROFY

Code	EAN code	Length	Unit	Pack unit	Master carton
KPNE	8606007998368	250mm	piece	12 pcs	24 pcs

- Riveter for pop rivets
- Ability to change the position of the contact head, providing two working positions
- Working position with the contact head at the top of the pliers allows for work in hard-to-reach places
- Handle: PVC, with a key for changing the working dimension
- Working dimensions suitable for aluminum rivets: 2.4mm, 3.2mm, 4mm and 4.8mm

## LOCKING GRIP PLIERS

Code	EAN code	Length	Unit	Pack unit	Master carton
KLFP	8606007997101	220mm	piece	6 pcs	36 pcs

- Pliers for fixing two or more flat elements
- Screw on the handle for adjusting the jaw opening size
- The serrated flat jaw ensures maximum contact with flat surfaces

## LOCKING PLIERS

Code	EAN code	Length	Unit	Pack unit	Master carton
KLF	8606007993479	210mm	piece	6 pcs	36 pcs

- Pliers for fixing two or more round elements
- Screw on the handle for adjusting the jaw opening size
- The serrated rounded jaw ensures maximum contact with curved surfaces

# WRENCHES

## ADJUSTABLE WRENCH, POLISHED

- Universal wrench with adjustable opening, for working with screws up to 22mm in diameter
- Manual adjustment of the required screw head size

Code	EAN code	Length	Size	Unit	Pack unit	Master carton
KLP	8606007993516	200mm	up to 22mm	piece	6 pcs	240 pcs

## COMBINATION WRENCH

- Fork-and-ring combination wrench, for working with screws with a 10mm hexagonal drive
- Extended length of the wrench for easier operation and higher torque
- Material: CrV steel

Code	EAN code	Size	Length	Unit	Pack unit	Master carton
KK10	8606007997910	10mm	160mm	piece	6 pcs	240 pcs
KK13	8606007997941	13mm	180mm	piece	10 pcs	198 pcs
KK14	8606007997958	14mm	190mm	piece	10 pcs	150 pcs
KK15	8606007997965	15mm	200mm	piece	10 pcs	150 pcs
KK17	8606007997989	17mm	225mm	piece	6 pcs	138 pcs
KK19	8606007998009	19mm	250mm	piece	10 pcs	102 pcs

## COMBINATION WRENCH WITH RATCHET AND SWIVEL JOINT

Code	EAN code	Size	Length	Unit	Pack unit	Master carton
KKRZ10	8606107688305	10mm	159mm	piece	10 pcs	240 pcs
KKRZ13	8606107688312	13mm	178mm	piece	10 pcs	200 pcs
KKRZ15	8606107688329	15mm	201mm	piece	10 pcs	150 pcs
KKRZ17	8606107688336	17mm	225mm	piece	10 pcs	150 pcs

- Combination wrench with ratchet and swivel joint, for working with hexagonal fasteners
- Material: CrV steel
- Angle of working stroke: 5°

## COMBINATION WRENCH WITH RATCHET

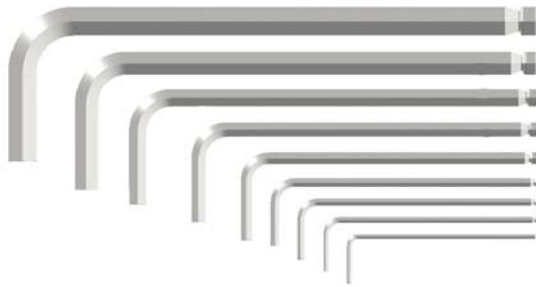

Code	EAN code	Size	Length	Unit	Pack unit	Master carton
KKR10	8606007990942	10mm	159mm	piece	10 pcs	240 pcs
KKR13	8606007991093	13mm	178mm	piece	10 pcs	198 pcs
KKR17	8606007991109	17mm	225mm	piece	10 pcs	150 pcs

- Combination wrench with ratchet, for working with hexagonal fasteners
- Material: CrV steel
- Angle working stroke: 5°

## SET OF BALL-END HEX KEYS

Code	EAN code	Unit	Pack unit	Master carton
SIK9	8606007991260	piece	6 pcs	48 pcs

- Set of ball-end hex keys, for working with screws with HEX drive
- The long side of the key features a ball-end, allowing access to the screw at angles up to 25°
- Material: CrV steel
- Set contents: 9 hex keys in sizes 1.5mm, 2mm, 2.5mm, 3mm, 4mm, 5mm, 6mm, 8mm, 10mm

## SET OF HEX KEYS 9 PIECES

Code	EAN code	Unit	Pack unit	Master carton
KIHV	8606007993424	piece	10 pcs	40 pcs

- Set of hex keys for working with screws with HEX drive
- Material: CrV steel
- Set contents: 9 hex keys in the following sizes: 1.5mm, 2mm, 2.5mm, 3mm, 4mm, 5mm, 6mm, 8mm, 10mm
- Chemical-resistant protection

**MAGNETS**

## WELDING MAGNETIC SQUARE HOLDER

Code	EAN code	Dimension	Unit	Pack unit	Master carton
MDV8	8605043402938	120x82x14mm	piece	60 pcs	60 pcs
MDV10	8605043402945	155x102x16mm	piece	40 pcs	40 pcs
MDV12	8605043402952	190x120x26mm	piece	20 pcs	20 pcs

- Magnetic holder for holding workpieces during soldering or welding
- Material: carbon steel with a strong magnet
- Opening for securing pipes or cylindrical objects
- Allows positioning of workpieces at 45°, 90° and 135° angles

## MAGNETIC BOWL ROUND

Code	EAN code	Dimension	Unit	Pack unit	Master carton
MP75	8605043402877	ø75mm	piece	60 pcs	60 pcs
MP10	8605043402884	ø100mm	piece	36 pcs	36 pcs
MP15	8605043402891	ø150mm	piece	144 pcs	144 pcs

- Magnetic tray for organizing, storing and providing easy access to tools during work
- Corrosion-resistant
- Material: stainless steel / magnet

## MAGNETIC DOUBLE BOWL

Code	EAN code	Dimension	Unit	Pack unit	Master carton
MPD	8605043402907	136 x 237 x 28mm	piece	24 pcs	24 pcs

- Magnetic tray for organizing, storing and providing easy access to tools during work
- Corrosion-resistant
- Material: stainless steel / magnet

## MAGNETIC WRISTBAND WITH A PLATE

Code	EAN code	Dimension	Unit	Pack unit	Master carton
MZOP	8605043402914	50mm x 20mm	piece	96 pcs	96 pcs

- Magnetic wristband with a plate, designed for holding small tools (nails, screws, nuts, etc.) during work
- Features a strong Velcro strap for secure fixation
- Material: reinforced fabric / magnet
